Subject : Update on Road construction Project.

Dear Members / Residents,

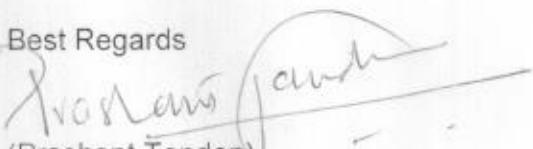

We wish to update you on the status of the proposed road construction project within our society. Unfortunately, the project has been delayed due to ongoing building repair work, which itself has been impacted by the periodic impositions of the Graded Response Action Plan (GRAP) in Delhi over the past three months.

As you are aware, two installments of Rs.10000/- per member have been collected towards the road construction, amounting to Rs.20 Lakh in total. This amount has been securely placed in a fixed deposit with our bank, Indian Overseas Bank, to ensure prudent financial management.

The road construction work will commence immediately upon the completion of the ongoing building repairs, which are expected to be completed within the next three to four months. We appreciate your patience and co-operation in this regard and assure you that all efforts are being made to expedite the process.

For any further quires / clarification please feel free to reach out to the managing committee.

Best Regards

(Prashant Tandon)
Secretary
